PROFESSIONAL SUMMARY

.NET Full Stack Developer with 2.5+ years of experience building enterprise-grade web applications and **RESTful Web APIs** for university management systems serving 5,000+ users across 2 institutions. Proficient in **C#, ASP.NET Core, ASP.NET MVC, SQL Server, Entity Framework Core**, and **JWT-based authentication**. Delivered 30+ optimized **Stored Procedures**, 10+ feature modules, and automated reporting pipelines — reducing query execution time by 40% and cutting report turnaround from days to minutes.

PROFESSIONAL EXPERIENCE

Expedien eSolutions Pvt. Ltd.

.NET Full Stack Developer

Noida, India | Nov 2023 – Present

- Engineered and maintained 2 large-scale university ERP platforms (IUMS) using **C#, ASP.NET CORE, ASP.NET MVC, Web Forms**, and **SQL Server**, supporting 5,000+ active student records and 500+ administrative users across 3 institutions.
- Built **RESTful Web APIs** using **ASP.NET Core** for the IUMS Student Portal — implementing **JWT-based authentication** and **role-based authorization** across 3 user roles (**student, faculty, admin**), securing 15+ endpoints.
- Optimized 30+ complex **Stored Procedures** and **MS SQL** queries, reducing average execution time by ~40% and eliminating data-accuracy defects across examination and result modules serving 3,000+ students.
- Implemented **Angular** UI components and **Anthem Controls** to deliver **AJAX**-driven interactions, eliminating full-page reloads and cutting average page response time by ~30% across 5 student-facing modules.
- Built automated report generation using **Crystal Reports** and **iText PDF** for mark sheets, transcripts, and analytics — reducing manual report preparation time from 2 days to under 10 minutes.

KEY PROJECTS

IUMS – Kerala Veterinary & Animal Sciences University

Tech Stack: **C#, ASP.NET MVC, Web Forms, SQL Server, Crystal Reports** | Nov 2023 – Present

- Delivered 10+ core modules — Student Registration, Admissions, Pre-Examination, Examination & Results, and Attendance — for 3,000+ students; identified and fixed 8 critical **Stored Procedure** defects causing incorrect result generation.
- Integrated **Crystal Reports**-based automated generation of 6 report types (mark sheets, transcripts, attendance registers), saving faculty 10+ hours per week previously spent on manual preparation.

IUMS – Lala Lajpat Rai University of Veterinary & Animal Sciences

Tech Stack: **C#, ASP.NET MVC, Web Forms, SQL Server** | Nov 2023 – Present

- Extended university ERP with 4 new feature modules and SQL index optimization strategies, improving query performance by ~35% and supporting 2,000+ concurrent users without degradation.
- Refactored 8,000+ lines of legacy **Web Forms** code applying **OOP** and separation-of-concerns principles, reducing bug rate by 25% and cutting new-feature delivery time across subsequent sprints.

IUMS Student Portal – REST API Backend (Lala Lajpat Rai University)

Tech Stack: **C#, ASP.NET Core Web API, SQL Server, JWT, Swagger** | Nov 2023 – Present

- Designed and delivered a 15-endpoint **RESTful Web API** backend using **ASP.NET Core**, enabling multi-client access to student academics, results, and registration data with **JWT-based authentication** and **role-based authorization**.
- Documented all API endpoints via **Swagger/OpenAPI** specifications, reducing frontend team onboarding time by 40% and enabling parallel QA testing from week one of integration.
